History of the Franchise

In the space of 18 years, the Calgary Flames have become one of the premier franchises in the NHL — on and off the ice. Won first Stanley Cup (1988-89); two Presidents' Trophies, first overall, (1987-88, 1988-89); two Clarence Campbell Conference titles (1985-86, 1988-89); three season and two Smythe Division playoff championships; two Pacific Division titles; and several NHL individual and team honors; and numerous attendance records.

On May 21, 1980, the Atlanta Flames became the Calgary Flames; they moved from The Omni (capacity 15,141) to the Stampede Corral (capacity 7,242). The Flames exchanged their fiery "A" to an explosive-looking "C".

Calgary's and the Flames' first ever NHL game, in the Corral, was against the Quebec Nordiques, Oct. 9, 1980, a 5-5 tie. The last game was a 6-5 playoff win over Edmonton, April 18, 1983. In three seasons in the Corral the Flames played a total of 146 games (league, playoff and exhibition), including a thrilling
win over the Soviet National Team, Jan. 2, 1983. The Flames lost only 28 regular season and 4 playoff games in the Corral.

The Calgary Flames, who are in their 19th NHL season and 16th in the Canadian Airlines Saddledome, are performing in one of the best entertainment facilities in North America. The Saddledome now seats 17,104 for hockey. This facility opened Saturday, Oct. 15, 1983; when Edmonton edged the Flames 4-3. The Flames formally assumed management of the Saddledome on August 1, 1994.

The Canadian Airlines Saddledome recently underwent renovations, and was officially re-opened on October 25, 1995. New additions include premier dining and meeting facilities, 46 Chrysler Club Suites which are 14 rows from the ice and a club seating section with exclusive restaurants and lounges.

In conjunction with "The Year of the Cowboy" in Calgary the Flames unveiled a new third jersey on June 23, 1998. The jersey represents "horse power with attitude" and will be worn at selected games throughout the season.

The history of the Flames' began when a group of Georgia businessmen, headed by Tom Cousins, were granted an NHL franchise June 6, 1972. In the first game at the Omni the Flames and Buffalo Sabres played to a 1-1 tie. Ironically, the first game in Calgary also ended in a tie.

Whereas the Flaming "C" came to represent the Calgary franchise, the name "Flames" was arrived at by a contest in Atlanta to choose the most representative nickname. Historically, General Sherman captured the city of Atlanta during the Civil War and burned the city down. The flames that engulfed the entire city were extinguished, and the rebirth of the Georgia capital began.

On May 21, 1980 Nelson Skalbania announced that he and a group of Calgary businessmen had purchased the Atlanta franchise and would move the team to Calgary. Sixteen months later Skalbania sold his interest. Ownership of the Flames then consisted exclusively of six Calgary business people until June 15, 1990 when Norman Green left the Flames to become owner of the Minnesota (now Dallas) Stars.

On August 8, 1994 the Flames announced revisions to the club's ownership structure adding six new investors and seeing two (Norman Kwong, Sonia Scurfield) of the team's original owners leave by selling their entire interest in the club. The Flames now presently have nine owners who jointly control operations of the Saddledome and Hockey Club.

Executive Vice President/General Manager/Alternate Governor

AL COATES begins his fourth season as Executive Vice President & General Manager of the Calgary Flames and his 19th year as a member of the Flames management team. Al became the team's third General Manager in its 19-year history on November 3, 1995 and is responsible for the overall hockey operations for the organization as well as his daily activities in his role as Executive Vice President. Calgary currently boasts some of the top young talent in the world under the direction and leadership of Mr. Coates. His progressive management and leadership style has helped shape the Flames franchise into a successful, respected organization both on and off the ice.

Coates is one of only a few remaining original members of the club since its arrival in Calgary in 1980. In addition to his service to the Flames organization, he has over 27 years of professional hockey experience.

Following a playing career in Europe, Coates joined the Detroit Red Wings organization in 1971. He spent nine seasons with the Red Wings working in various managerial positions. In the summer of 1980, he joined the Flames as the team's Director of Public Relations. In August, 1982, Coates was named Assistant to the President, working directly with then President and General Manager Cliff Fletcher in a number of hockey administrative capacities. On August 1, 1989, he was promoted to Director of Hockey Administration. He continued his progression through the organization when, on September 8, 1991, he was named the team's Assistant General Manager, a position he held until his promotion to Executive Vice President and General Manager.

Al and his wife Jane have three children, Katie, Carlee and Jeffrey. The Coates' reside in Calgary year-round.

Director of Player Personnel

NICK POLANO first joined the Calgary Flames organization in the 1992-93 season as Director of Pro Scouting. In August 1996 Nick was elevated to the position of Director of Player Personnel. In this newly appointed position, Nick is responsible for the overall administration of both the amateur and professional scouting departments. He also performs various administrative duties including contract negotiations and serves as the General Manager and Alternate Governor of the Saint John development club of the AHL. Under Polano's direction, the Saint John Flames have achieved great success over the last three seasons. During the 1997-98 season, Saint John reached the Calder Cup Finals, losing in six games to the Philadelphia Phantoms.

Polano was the first head coach of the Mike Ilitch regime in 1982-83 for the Detroit Red Wings. Detroit ended a five-year playoff drought with successive third-place finishes and post-season berths in '83-84 and '84-85. From 1985 through the '91-92 season, Mr. Polano served as Detroit's Assistant General Manager. In his last season with Detroit in '91-92 while overseeing the AHL's Adirondack Red Wings, they captured the Calder Cup Championship.

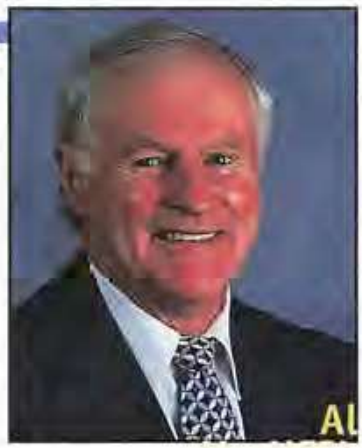
Polano joined the Red Wings after spending the '81-82 season as an assistant coach under Scotty Bowman with the Buffalo Sabres.

Nick began his coaching career in '75-76 at Erie, Pennsylvania of the EHL. He guided the club to three consecutive regular-season and playoff championships, and twice was the league's Coach-of-the-Year. He also was honoured by The Hockey News as Minor League Executive of the Year in 1981.

A native of Copper Cliff, Ontario, Nick was a defenceman in his playing days. He played his junior hockey with Hamilton and then spent 15 seasons with Baltimore, Hershey and Providence (AHL), and Philadelphia (WHA).

Nick and wife, Elva, reside in suburban Detroit. They have two children, Jodi and Mike.

Director of Hockey Operations



As the Flames Director of Hockey Operations, AL MACNEIL is involved in hockey-related matters at all levels within the organization.

This is MacNeil's 20th season with the Flames franchise. He served as head coach for three seasons (1979-82) and assistant general manager for seven years (1982-89), before advancing to the hockey operations area for the past nine seasons.

Nothing about the game is new to this veteran hockey person. Now in his 43rd season in professional hockey, he has been active, and successful, in nearly every area of the game, both on and off the ice.

He played 10 seasons in the NHL as a rugged defenceman with the Toronto Maple Leafs, Montreal Canadiens, Chicago Blackhawks, Pittsburgh Penguins, and the NY Rangers. In 1968 he turned to the coaching ranks with the Houston Apollos, a farm club of the Canadiens. MacNeil moved into the NHL coaching ranks in 1970 and guided Montreal to a Stanley Cup championship title that season. He became the 12th coach in NHL history to win the Stanley Cup in his rookie campaign. In 1971, Al coached and won the NHL All-Star Game held in Minnesota.

MacNeil was named GM-Head Coach of the Nova Scotia Voyageurs (AHL) prior to the start of the 1971-72 season. In six seasons with Montreal's top farm club, he coached the Voyageurs to four first-place finishes and three Calder Cup championships. He also served as an assistant coach for Team Canada in both the 1976 and 1981 Canada Cup tournaments.

MacNeil was named head coach of the Flames in 1979, a position he held for three seasons. He was behind the bench when the Flames arrived in Calgary in 1980. During his first season in Calgary, he led the Flames to the Stanley Cup semi-finals. His four-year NHL coaching record stands at 134-108-53 (.544%) in 295 career games. On September 12, 1982 he officially left the coaching ranks to work in the hockey management area. The Flames 1989 Stanley Cup victory gave MacNeil his fourth Stanley Cup ring.

A proud native of Nova Scotia, Al was inducted into the Nova Scotia Hall of Fame in 1980. Al and his wife Norma have two children. The MacNeils reside in Calgary year-round.

Head Coach

Brian SUTTER enters his second season as Head Coach of the Calgary Flames after recording a 26-41-15 record and a .409 winning percentage last year with a young rebuilding club. The Alberta-born Sutter is one of six Sutter brothers involved in hockey but the first to have either played or coached at the NHL level in their native province. Brian is the tenth Head Coach in Flames franchise history, and eighth in the 19 year history of the team in Calgary.

The Sutter family has combined for 91 years of cumulative experience in the NHL. The Sutter name is synonymous with intensity, honesty, hard work and tenacity. These are trademark qualities which Brian lives by and instills in the players he coaches.

Following a 12 season playing career (1976-1988) with St. Louis, Sutter immediately joined the NHL coaching ranks as Head Coach of the team he captained for nine of his twelve seasons. He coached the Blues for four years (1988-1992), before moving on to coach the Boston Bruins between 1992-95. In seven of his eight seasons as an NHL head coach, Sutter has led the teams under his direction to the playoffs.

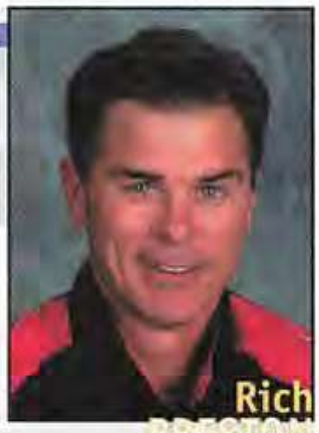
During his three seasons as Head Coach of the Boston Bruins, Sutter led the Bruins to the third best record in the NHL (120-73-23). During the 1992-93 season, Sutter coached his team to the second best overall record in the league (51-26-7, 109 points). The 1992-93 season marked the first time in ten years the Bruins posted a 50-win season and earned Sutter runner-up honours in the balloting for the Jack Adams Trophy as the league's top coach. In his second season behind the Bruins bench, Sutter coached one of the league's youngest rosters to 42 wins. Sutter's win percentage during his tenure with the Bruins was an impressive .609.

Sutter spent four seasons (1988-92) behind the bench of the St. Louis Blues where he exceeded Scotty Bowman's record to become the winningest coach in Blues history, posting a Blues' career record of 153-124-43 and .545 winning percentage. Sutter won Coach-of-the-Year honours in 1990-91 after leading his charges to a 47-22-11 record, second overall in the league.

Following his junior career with Lethbridge (WHL), Sutter was drafted by the St. Louis Blues as their second pick, 20th overall, in the 1976 Amateur Draft. Sutter played his entire twelve year NHL career with the Blues. His number 11 was retired by the Blues on December 30, 1988. Sutter ranks second all-time among Blues players in games played and assists and third all-time in goals and points.

Sutter and his wife, Judy, return to "Sutter Country" Alberta in the Sylvan Lake area during the off-season. They have one son, Shaun and one daughter, Abigail. Shaun was drafted by the Flames from the Lethbridge Hurricanes in the 1998 NHL Entry Draft.

Assistant Coach



Veteran NHL player, Rich PRESTON, returns for his second season as Assistant Coach of the Calgary Flames. Working with Brian Sutter, it is the second time Preston has been an assistant to one of the Sutter brothers, having coached with Darryl Sutter in Chicago from 1992-95.

The 46 year-old Regina native spent the previous two seasons before his return to the NHL coaching ranks (1995-96 and 1996-97) as Head Coach of his hometown, Regina Pats of the WHL. During these two seasons the Pats compiled a 79-60-5 record. With 42 wins registered in the 1996-97 season, the Pats managed their first 40 win season in 11 years. Preston also led the Pats to one of the best special team records in the WHL, being the only team in the top five in the league in both power play and penalty kill percentage in each of the those two years. In Regina, Preston helped foster the development of the Flames number one pick in the 1996 Entry Draft, defenceman Derek Morris.

Preston has previous NHL assistant coaching experience with the Chicago Blackhawks from 1991-95. He worked as an Assistant Coach to Mike Keenan during the 1991-92 season, and to Darryl Sutter from 1992-95.

Preston played in eight NHL seasons from 1979-87 with the Chicago Blackhawks and the New Jersey Devils, collecting 291 points (127 goals, 164 assists) in 580 games. Preston also played in the WHA from 1974-79 with the Houston Aeros and the Winnipeg Jets, winning the WHA Championship with Houston in 1975 and with Winnipeg in 1979.

Rich and his wife, Laura, have three boys; Troy, Lucas and Thomas.

Assistant Coach

Jamie HISLOP will be returning for his eighth season with the Calgary Flames hockey operations staff.

On September 13,1998 Hislop was named Assistant Coach of the Flames replacing Steve Smith who came out of retirement to play for the team.

Prior to being named Assistant Coach, Jamie worked with the Flames as the Development Coordinator. Jamie acted as a liaison with the players in the system, working with them after they get drafted but before they turn pro in order to enhance the communication process between the club and its draft choices.

Hislop, 44, joined the Flames coaching staff on Aug. 29, 1991 after spending two seasons (1989-91) as an assistant coach with Salt Lake (IHL), the Flames top development club at the time. Salt Lake, under the guidance of head coach Bob Francis and assistant Hislop, compiled an 87-64-14 record (.570%) during Hislop's tenure.

Following a college career at the University of New Hampshire, Hislop began his eight-year playing career with the Cincinnati Stingers of the World Hockey Association. Through a series of drafts and trades, he joined the Quebec Nordiques for their initial NHL season (1979-80), and went on to register a 19-goal season. The next year he posted his career high in goals, netting 25 (19 Quebec, 6 Calgary).

On Jan. 30, 1981, he was obtained by the Calgary Flames in exchange for goaltender Dan Bouchard. He played 215 career games as a Flame, scoring 37 goals and 98 points (37g, 61a).

A two-time Masterton nominee for dedication to the game of hockey, Hislop is renowned for his superb physical conditioning. From the start of his professional career through the beginning of the 1983-84 season, Hislop missed only one contest (524 games) due to injury. That was to end on Dec. 1, 1983 when he was accidentally struck in the eye by an opponent's stick. Following surgery, Hislop returned to play nine games with the Flames, but the injury eventually forced him to retire as a player.

He immediately joined the Flames coaching staff for the 1984-85 season, acting as an assistant coach and special assignment scout. Following the season, he decided to pursue a teaching career.

Jamie and his wife Laurie have three children. The Hislops reside in Calgary year-round.

Equipment Manager

Bobby Stewart, the team's Equipment Manager, has been a part of two Flames organizations. Stewart joined the Atlanta Flames as their equipment manager prior to the start of the 1973-74 season and moved north to Calgary with the franchise in May, 1980. He will be entering his 26th season with the Flames franchise.

As the man in charge of all equipment and supplies for the Flames and their affiliated players, Stewart will outfit more than 50 players. During the season, you may find him sharpening skates, ordering sticks, mending pads or making a special adjustment to a piece of equipment that only players appreciate.

Along with servicing the daily needs of the players, Stewart efficiently coordinates the transfer of the team's equipment to other NHL cities during the season. It is a demanding job that requires constant attention and a thorough knowledge of the sporting goods industry.

Born and raised in Montreal, PQ, Bobby worked with the Montreal Jr. Canadiens for six years prior to joining the Flames. The Jr. Canadiens, an affiliate of the Montreal Canadiens, won two Memorial Cups during Stewart's tenure.

Bobby and his wife Sherri have one son. They reside in Calgary year-round.

Physical Therapist

Terry Kane, hired by the Flames on Sept. 8, 1995, is entering his fourth season as the Flames physical therapist. Kane is responsible for the coordination of fitness testing, medical services, treatment and rehabilitation of injuries.

Kane's involvement in the international and professional hockey world began with Hockey Canada in 1984. As physiotherapist for the Canadian National and Olympic teams, Kane has extensive international hockey experience.

He spent four seasons with the Canadian National and Olympic teams, including serving as Team Canada's physiotherapist during the 1988 Winter Olympic competition in Calgary. His international experience also extends to numerous European tours and Spengler Cups.

A native of Toronto, ON, Kane attended the University of Toronto, graduating in 1981 with a Bachelor of Physical and Health Education. In 1985, he completed his Bachelor of Science degree in Physical Therapy. Throughout university, Kane worked with the Varsity Blues hockey team.

He remained in Calgary after leaving the National Team program in 1988, opening a private physiotherapist practice. Terry and his wife Helen, a former world champion synchronized swimmer, live in Calgary year-round with their new born daughter, Kiah.

Athletic Therapist

Morris BOYER joined the Flames during the 1997-98 season as Athletic Therapist and works closely with Physical Therapist Terry Kane in the training room with player treatments and rehabilitation.

Morris is a graduate of the University of Alberta with a Bachelor of Physical Education and in 1991 achieved his Certified Athletic Therapist diploma from the Canadian Athletic Therapists Association. Upon graduation, Morris joined the Canadian Men's Volleyball Team as Athletic Therapist as well as other responsibilities such as management of equipment and medical supplies. In 1994 he joined the Canadian Professional Rodeo Association as Athletic Therapist and still continues to provide his expertise to the Association today. He has also worked with the Edmonton Brick Men Soccer Club, served a Head Athletic Therapist for Red Deer College and was a Clinical Athletic Therapist for the Sports Medicine and Rehabilitation Clinic in Oshawa, Ontario.

Morris's experience is not limited to his post graduation years. He also has worked as a student therapist at the Glen Sather Sports Medicine Clinic in Edmonton and was a Therapist for both the U of A Golden Bears Hockey Team and the Sherwood Park Crusaders Jr. Hockey Team.

Morris is a Saskatchewan native and now resides in Calgary year round.

Hockey Hall of Fame

Bob JOHNSON

"Badger" Bob Johnson was one of hockey's greatest boosters in both the city of Calgary, and throughout North America. He was inducted into the Hockey Hall-of-Fame on Apr. 10, 1992.

Blessed with tremendous enthusiasm, a positive outlook, and a tireless worker, Badger earned the reputation as one of the craftiest coaches in the National Hockey League.

He joined the Calgary Flames as head coach on June 1, 1982 from the University of Wisconsin. Following a number of personnel changes through his first two seasons, he led Calgary to their first 40-win season in 1984-85. Over the next three consecutive seasons, 1984-87, the Flames would surpass the 40-win mark and move into the NHL's higher echelon.

Perhaps his greatest moment as the Flames head coach came during the 1986 playoff season. After eliminating Winnipeg in a three-game series sweep, the Flames and Edmonton faced off in a Battle of Alberta. The Flames prevailed in the hard-fought seven-game series, upending the heavily favored Oilers in what many people call the playoff series of the decade.

The Flames marched on during the '86 playoffs, eliminating St. Louis and meeting Montreal in the Stanley Cup final. It marked Calgary's first-ever Stanley Cup Championship appearance.

He left the Flames following the 1986-87 season, accepting the position of Executive Director for USA Hockey. Bob remains as the Flames winningest coach with 193 career wins. He left USA Hockey after three years to return to the National Hockey League and the Pittsburgh Penguins. In June, 1991, Badger "climbed to the top of the mountain", as the Penguins captured their first-ever Stanley Cup championship.

Badger's coaching career began in 1956 at Warroad, MN High School. In 1966 he moved to the University of Wisconsin, where he coached for 15 seasons, leading Wisconsin to three national championships. He coached numerous U.S. national teams in both World Championships and Olympic competitions.

Unfortunately a serious illness took the life of Bob Johnson on November 26, 1991, but his devotion to the game will never be forgotten.

"It's a great day for hockey" is a remark hockey fans will always remember.

Guy LAPOINTE

Guy Lapointe was elected into the Hockey Hall of Fame on May 16, 1993, following a 16-year NHL career with the Montreal Canadiens, St. Louis Blues and Boston Bruins.

One of the all-time great players in the history of the game, Lapointe began his NHL career with the Montreal Canadiens in 1968. Through the mid-'70's, Lapointe, along with fellow teammates Serge Savard and Larry Robinson, formed one of the top defence corps in NHL history.

Lapointe played 884 NHL career games with Montreal, St. Louis and Boston, recording 622 career points (171g, 451a). He also appeared in 123 career playoff games.

A member of six Stanley Cup championship teams, all with Montreal (1971, 1973, 1976, 1977, 1978, 1979), Lapointe played 13 of his 16 NHL seasons with the Canadiens. He appeared in four All-Star games, including three consecutive games from 1975-77.

Lapointe was named to the NHL's First All-Star team following the 1972-73 season. He was selected to the NHL's Second All-Star squad in three consecutive seasons ('74-75, '75-76, '76-77). Lapointe has also achieved international acclaim as a member Team Canada in the 1972 Canada-Russia Series and the 1976 Canada Cup.

Following his retirement as an active player in 1983-84, Lapointe joined the Quebec Nordiques as an assistant coach. After one season with the Nordiques, he was appointed General Manager and Head Coach of the Longueuil Chevaliers of the Quebec Major Junior Hockey League.

He spent two seasons with Longueuil, leading the Chevaliers to the 1987 Quebec League championship title, and a berth in the Memorial Cup championship tournament.

Lapointe returned to the National Hockey League and the Nordiques as an assistant coach prior to the start of the '87-88 season. He spent the next three seasons with Quebec, leaving the team after the '89-90 season.

He joined the Flames organization as a scout in July, 1990 and became an assistant coach on August 10, 1995. In 1997, Lapointe resumed his full time scouting position with the Flames.

Guy and his wife Louise have three children: Jordan, Stephanie and Guy Jr.

Lanny McDONALD

Inducement into the Hockey Hall of Fame is an honour reserved for those players whose talents, determination and dedication to the sport has allowed them to rise above all other National Hockey League players. This honour was bestowed upon Lanny McDonald on September 21, 1992, marking the first time this honour was conferred to a Calgary Flames player.

Lanny currently serves as the Vice-President, Corporate Development of the Calgary Flames where he plays an integral role for the organization. He assists the President, Executive Vice-President and other areas of the operation whenever and wherever necessary to enhance the involvement of the Calgary Flames Hockey Club with the Corporate Community both locally and nationally. Lanny also sits on the Board of Directors of the newly formed Calgary Flames Foundation and is actively involved with the Calgary Flames Alumni.

Lanny fashioned a great NHL career that saw him go directly from the Medicine Hat Tigers of the WHL to the Toronto Maple Leafs in the fall of 1973. He scored 500 goals, 506 assists and 1,006 points in 1,111 games - all milestone achievements. Twice Lanny was named an NHL Second Team All-Star right winger (1977, 1983), won the Bill Masterton Trophy (1982-83), the King Clancy Memorial Trophy (1987-88) and was named the NHL Man-of-the-Year in 1988-89.

He holds the Flames record for most goals in a season (66, '82-83), scored 40-or-more goals in six seasons and 30-or-more goals in nine consecutive seasons (1975-84). In the playoffs, McDonald scored 44 goals, including three in overtime, and the go-ahead goal in Calgary's Stanley Cup clinching win at Montreal in 1989.

A dedicated family man, Lanny and his wife, Ardell, have four children. He works tirelessly for many charities including the Special Olympics, Kids Help Phone, Alberta Children's Hospital and the Children's Miracle Network Telethon

Calgary Flames Foundation and Community Relations

The Calgary Flames owners, staff, coaches, players, wives, families and alumni all keep our responsibility to the Calgary community in the forefront of our hearts and minds. Making Calgary a great place to live is a team effort, and one we are committed to.

OUR LEGACY

Since May 1980, the Calgary Flames have been dedicated to being responsible corporate citizens. In service of this commitment, the Calgary Flames contribute to the Amateur Sport Fund of the Saddledome Foundation. The Amateur Sport Fund supports the Calgary Parks Foundation, the Calgary Olympic Development Association and the Canadian Hockey Centre of Excellence. The Calgary Flames Foundation works alongside the Saddledome Foundation to support the Calgary community.

Calgary Flames Contributions to Amateur Sport Fund:

$7,423,842	1983-1994
$3,421,000	1995-1999
$12,514,000	2000-2015
Total $23,358,842	

Calgary Flames Foundation

The establishment of the Calgary Flames Foundation (April, 1998) represents a formal alliance of all the members of the Flames Family. The owners, staff, alumni, players and wives who have established a tradition of supporting charitable endeavors unite their efforts under the umbrella of the Calgary Flames Foundation.

Foundation Fundraisers

CALGARY FLAMES

The Calgary Flames host annual fundraising events including the Flames Celebrity Charity Golf Classic and, beginning this season, a Celebrity Waiter Dinner. Through the years, worthwhile causes including Handi-Bus, Alberta Children's Hospital, Multiple Sclerosis and Special Olympics have been beneficiaries of team fundraising initiatives.

RINGTHEBELL.ca on Archive.org

FLAMES WIVES

The volunteer efforts of the Flames partners have been behind numerous fundraisers. They have raised much-needed financial support for charities such as Street Teams and the Calgary Interfaith Food Bank. This enthusiastic group has spearheaded projects including the Flames Family Favourites Cookbook, Skate with the Flames and a Weekly Planner.

FLAMES OWNERS

The Calgary Flames owners have made community service a guiding principle of the organization. The original owners started this tradition by founding Project 75 in 1980, which was the name of the project that brought the team to Calgary. The idea was to bring an NHL team to the city as a means of channeling money back in to hockey development and the community. Since that time, the entire Flames ownership group has continued to support numerous charities throughout the Calgary community.

FLAMES ALUMNI

Our Alumni Association's leadership in philanthropic endeavors serves as an example and an inspiration to current players, alumni and community-minded citizens everywhere. The Alumni plan and host events including the Alumni Masters Golf Tournament, Legends of Hockey Challenge and 3 on 3 Pond Hockey. They also visit students, hospital patients and a variety of community groups. Beneficiaries of their efforts include Calgary Hospice and Renfrew Educational Services.

Community Relations Programs

EDUCATION

The Calgary Flames players recognize their status as role models in the eyes of children. They take this responsibility to young Calgarians seriously, and many get involved in education programs like Reading...Give it a Shot. Each season, players visit students to encourage them to stay in school and make the most of their education.

YOUTH SPORTS AND HOCKEY DEVELOPMENT

By making youth sports and hockey development a priority, we ensure instruction and financial assistance to the future stars and fans of our game. The Calgary Hockey Development School, Great Calgary Skate Sale and NHL Breakout are just a few of the ways we put youth and hockey development at centre ice.

CONNECTING WITH CALGARY

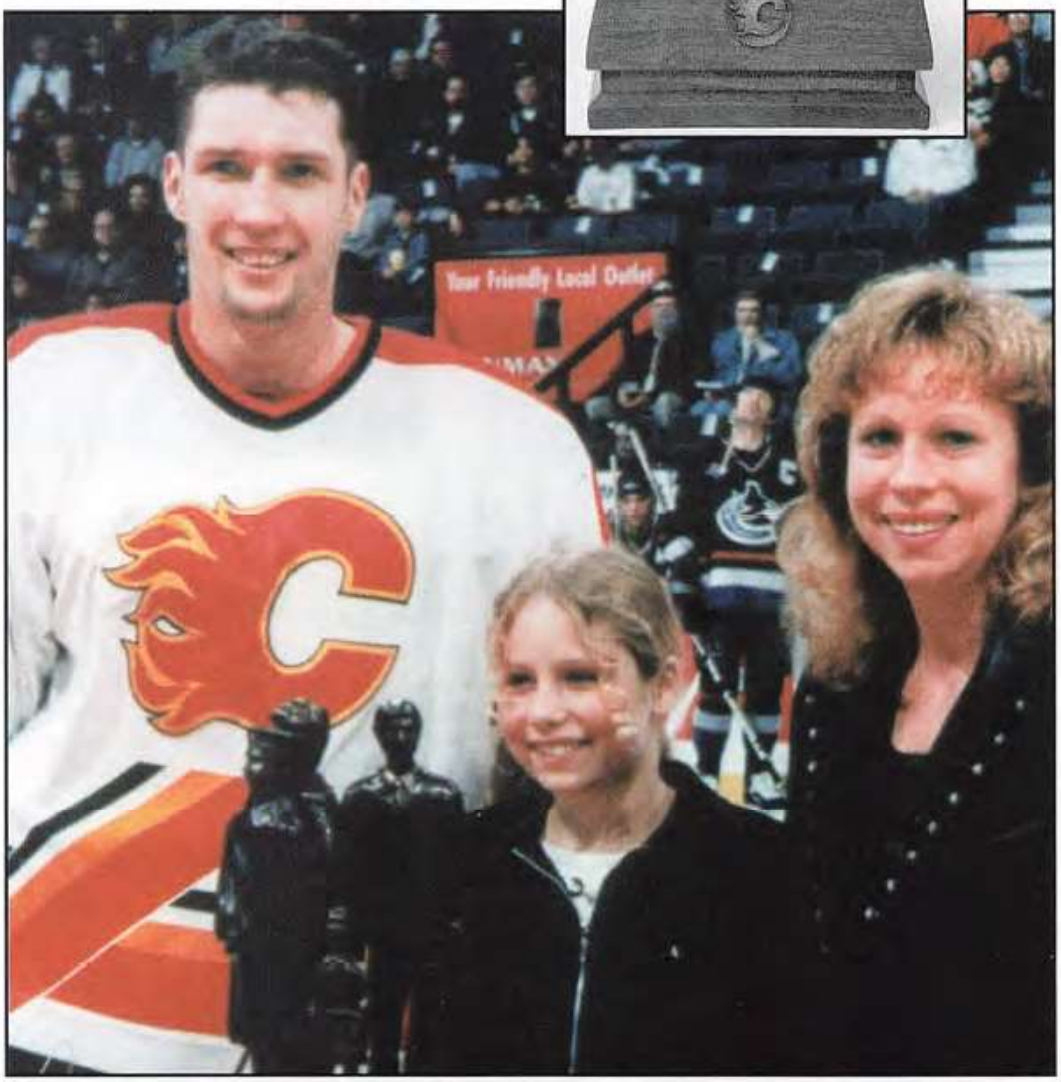
The community Ticket Program, the Children's Hospital School Wheelchair Floor Hockey Game, the annual Red Cross Blood Donor Clinic and player appearances, including an annual ride in the Calgary Stampede Parade, are all a part of the Calgary Flames tradition of reaching out to the community. To build on this tradition, our players purchased a private suite in the Canadian Airlines Saddledome at the beginning of the 1997-98 season. The suite, known as the Flames Junior Locker Room, is used to host a number of charity, hospital, minor hockey and school groups that our players work with or those with which they share a special bond.

Scurfield Humanitarian Award

The Ralph T. Scurfield Humanitarian Award is presented annually to the Calgary Flames' player who best exemplifies the qualities of perseverance, determination and leadership on the ice combined with dedication to community service.

Ralph T. Scurfield

Jan 7, 1928 to Feb. 18, 1985



Presentation of the Scurfield Humanitarian Award for 1998 was made to Flames' player Ed Ward by Susan Feida-Scurfield and her daughter Kathy.

After an exciting and successful 1997-98 season the Hitmen are anxious about the 98-99 season ahead. The Hitmen captured the WHL's Central Division last year with 84 points. 97-98 also marked the first time the team qualified for the WHL Playoffs. It was clearly the best season for the Hitmen to date. 97-98 saw a number of team records established including; 40 wins and 84 points and Playoff action that included wins over Saskatoon and Swift Current before losing out in the third round of the WHL Playoffs to the Brandon Wheat Kings. On April 17th the Hitmen established a WHL Playoff record with 16,900 enthusiastic fans packing the Canadian Airlines Saddledome.

During the off season Hitmen Head Coach Dean Clark was named the WHL and Canadian Hockey League coach of the year. The team also has a new General Manager for the 98-99 season. Kelly Kisio a 14 year NHL veteran has taken over the top duties with the club. After retiring with the Flames in 1995 Kisio has been scouting for the Flames the past four seasons. Kisio is very familiar with Major Junior Hockey in Calgary having starred with the Calgary Wranglers from 1978-80.

The Hitmen had three players selected at the NHL Entry Draft in Buffalo in June. Chris Nielsen was selected in the 2nd round by the New York Islanders, Curtis Rich in the 5th round to Tampa Bay and Brad Moran Buffalo in Round 7.

The Hitmen are owned and operated by the Calgary Flames Limited Partnership. The Flames purchased the Hitmen in June of 1997. The Hitmen are entering their fourth year in the Western Hockey League. Like the Flames the Hitmen are looking forward to an exciting season ahead.

Additional Scheduling notes:

- The Hitmen play their 36 home games on the following days of the week.

Monday	Tuesday	Wednesday	Thursday	Friday	Saturday	Sunday
3	5	6	4	3	9	6

- The Hitmen play 18 of their 36 home games on a Friday - Sunday.

  In addition, the Hitmen play two home games over the Christmas Holidays.
- The Hitmen play 24 of 36 home games before Jan. 1st
- The Hitmen play 23 of 36 road games between Jan. 1st and March 21st.

Assist: An assist is awarded to the player or players (maximum of two) who touched the puck prior to the goal, provided no defender plays or possesses the puck in between.

Game Played: A player receives credit for playing in a game if: i) he steps on the ice during time played or; ii) serves any penalty.

Game-Winning Goal: After the final score has been determined, the goal which leaves the winning Club one goal ahead of its opponent is the game-winning goal (example: if Team A beats Team B 8-3, the player scoring the fourth goal for Team A receives credit for the game-winning goal).

Game-Tying Goal: The final goal in a tie game.

Goal: A goal is awarded to the last player on the scoring Club to touch the puck prior to the puck entering the net.

Goals-Against Average: Multiply goals allowed (GA) by 60 and divide by minutes played (MINS).

Goaltender Win/Loss/Tie: A goaltender receives a win, tie or loss if he is on the ice when either the game-winning or game-tying goal is scored.

Penalty-Killing Percentage: Subtract total number of power-play goals allowed from total number of shorthanded situations to get total number of power-plays killed. Divide the total number of power-plays killed by the total number of shorthanded situations.

Plus-Minus: A player receives a "plus" if he is on the ice when his Club scores an even-strength or shorthand goal. He receives a "minus" if he is on the ice for an even-strength or shorthand goal scored by the opposing Club. The difference in these numbers is considered the player's plus-minus statistic.

Power-Play Goal: A goal scored by a Club while it has a manpower advantage due to an opponent's penalty. Following are some examples of what is and is not considered a power-play goal:

- if a Club has an advantage on a minor penalty starting at 2:02 of the period and it scores at 4:02, the goal is not a power-play goal.
- if a Club scores on a delayed penalty, the goal is not a power-play goal.
- if a Club has an advantage due to a five-minute major or match penalty, that Club is always credited with having one more advantage than the number of power-play goals it scores during that advantage, because the penalty does not expire a new advantage begins after such a power-play goal. For example, if Team A scores three goals during a major penalty, it is credited with four advantages.
- if a Club is on a power-play for any length of time it considered to have had an advantage.
- if a minor penalty is incurred by a Club on a power-play due to a major penalty, a new advantage is given to that Club when its minor penalty expires, provided the opponent's major penalty is still in effect.

Power-Play Percentage: Total number of power-play goals divided by total number of power-play opportunities.

Save Percentage: Subtract goals allowed (GA) from shots against (SA) to determine saves. Then divide saves by shots against.

Shooting Percentage: Divide the number of goals scored by the number of shots taken.

Shorthanded Goal: A goal scored by a Club while it is at a manpower disadvantage due to a penalty. The same cases apply in a similar but opposite way for shorthand as for power-play goals.

Shot on Goal: If a player shoots the puck with the intention of scoring and if that shot would have gone in the net had the goaltender not stopped it, the shot is recorded as a "shot on goal".

Shutout: If two goaltenders combine for a shutout, neither receives credit for the shutout. Instead it is recorded as a Club shutout.

Tenths of a Second: If a penalty or goal occurs in the last minute, the time is rounded off to the previous second (ex: if a penalty is called with 12.4 seconds left in a period, the time is indicated as 19:47 and not 19:48.

Tie-Breaking Formula: In the event that two or more Clubs are tied for total points, the order of standings and draft order is determined as follows:

- the Club with the most victories will be placed higher in the standings.
- if Clubs remain tied, the Club earning the most points from the year's head-to-head competition will be placed higher in the standings. In the event an uneven number of home games against one another were played, the first game that created the disparity is discounted. Where more than two Clubs are tied in victories and points, the Club having the greatest percentage of available points earned among each other will be placed higher in the standings.
- if Clubs remain tied, each Club's "Goals Allowed" are subtracted from its "Goals For" during the entire regular season. The Club with the greater differential will be placed higher in the standings.

Abduction: Movement of a joint away from the center of the body.

AC Joint (Acromioclavicular joint): Joint of the shoulder where acromion process of the shoulder blade and the distal end of the collarbone meet; most shoulder separations occur at this point.

Adduction: Movement of a joint toward the center of the body.

Adhesion: Abnormal adherence of collagen fibers to surrounding structures during immobilization following trauma or as a complication of surgery which restricts normal elasticity of the structures involved; or scar tissue which forms after trauma or surgery which can restrict normal motion.

Aerobic: Exercise in which energy needed is supplied by oxygen inspired and is required for sustained periods of vigorous exercise with a continually high pulse rate.

Anabolic Steroids: Steroids that promote tissue growth by creating protein in an attempt to enhance muscle growth. The main anabolic steroid is testosterone (male sex hormones).

Anaerobic: Exercise without the use of oxygen as an energy source; short bursts of vigorous exercise.

Anterior Cruciate Ligament (ACL): A primary stabilizing ligament within the center of the knee joint that prevents hyperextension and excessive rotation of the joint. A complete tear of the ACL necessitating reconstruction could require up to 12 months of rehabilitation.

Anti-Inflammatory: Any agent which prevents inflammation, such as aspirin or ibuprofen.

Arteriogram: A film demonstrating arteries after injection of a dye.

Arthrogram: X-ray technique for joints using air and/or dye injected into the affected area; useful in diagnosing meniscus tears of the knee and rotator cuff tears of the shoulder.

Arthroscope: An instrument used to visualize the interior of a joint cavity.

Arthroscopy: A surgical examination of the internal structures of a joint by means of viewing through an arthroscope. An arthroscopic procedure can be used to remove or repair damaged tissue or as a diagnostic procedure in order to inspect the extent of any damage or confirm a diagnosis.

Atrophy: To shrivel or shrink from disuse; as in muscular atrophy.

Baker's Cyst: Localized swelling of a bursa sac in the back of the knee as a result of fluid that has escaped from the knee capsule. A Baker's cyst indicates that there is a trauma inside the knee joint that leads to excessive fluid production.

Bone Scan: An imaging procedure in which a radioactive-labeled substance is injected into the body to determine the status of a bone injury. If the radioactive substance is taken up by the bone at the injury site, the injury will show as a 'hot spot' on the scan image. The bone scan is particularly useful in the diagnosis of stress fractures.

Bursa: A fluid-filled sac that is located in areas where friction is likely to occur, then minimizes the friction; for example, between a tendor and bone.

Cartilage: Smooth, slippery substance preventing two ends of bones from rubbing together and grating. Most joints use this to cover bones next to each other. A meniscus is made of cartilage.

CAT Scan (Computerized Tomography): Use of a computer to produce a cross sectional view of the anatomical part being investigated from x-ray data.

Chondromalacia: Roughening of the articular cartilage. Best known for the roughening of the underside of the knee cap, which can occur in any knee cap injury.

Clavicle: Collar bone; the bone connecting the breastbone with the shoulder blade.

Coccyx: The 'tail bone' a group of four vertebrae that are fused together to form a small triangular bone, located at the terminal end of the spine.

Concussion: Jarring injury of the brain resulting in dysfunction. It can be graded as mild, moderate or severe, depending on loss of consciousness, amnesia and loss of equilibrium.

Contusion: An injury to a muscle and tissues caused by a blow from a blunt object.

Corticosteroids: Used to suppress joint inflammation and inflammation in a bursa or near tendons.

Cryotherapy: A treatment with the use of cold.

Cyst: Abnormal sac containing liquid or semi-solid matter.

Degenerative Joint Disease: Changes in the joint surfaces as a result of repetitive trauma and 'wear and tear.

Deltoid Ligament: Ligament that connects the tibia to bones of the medial aspect of the foot and is primarily responsible for stability of the ankle on the medial side. Is sprained less frequently than other ankle ligaments.

Deltoid Muscle: Muscles at the top of the arm, just below the shoulder, responsible for shoulder motions in the front, side and back.

Disc Intervertebral: A flat, rounded plate between each vertebrae of the spine. The disc consists of a thick fiber ring which surrounds a soft gel-like interior. It functions as a cushion and shock absorber for the spinal column.

Dislocation: Complete displacement of joint surfaces.

Electromyogram (EMG): Test to determine nerve function.

Epicondylitis: Inflammation in the elbow due to overuse. Common in tennis players (outer part of elbow) and golfers (inner part of elbow).

Etiology: Study of the cause of injury and disease.

Extension: Action of straightening of a joint as achieved by an extensor muscle.

Fascia: A connective tissue sheath consisting of fibrous tissue and fat which unites the skin to the underlying tissue.

Fat Percentage: The amount of body weight that is adipose, fat tissue. Fat percentage can be calculated by underwater weighing, measuring select skinfold thickness or by analyzing electrical impedance.

Femur: Thigh bone; longest bone in the body.

Fibula: Smaller of the two bones in the lower leg; runs from the knee to the ankle along the outside of the lower leg.

Flexibility: The ability of muscle to relax and yield to stretch forces.

Fracture: Breach in continuity of a bone. Types of fractures include simple, compound, comminuted, greenstick, incomplete, impacted, longitudinal, oblique, stress or transverse.

Glenohumeral: The shoulder girdle; consists of the glenoid capsule, head of the humerus and labrum.

Glenoid: Cavity of the scapula into which the head of the humerus fits to form the shoulder girdle.

Glenoid Labrum: A rim of fibrocartilaginous tissue attached around the margin of the glenoid fossa.

Grade One Injury: A mild injury in which ligament, tendon or other musculoskeletal tissue may have been stretched, but not torn or otherwise disrupted.

Grade Two Injury: A moderate injury in which musculoskeletal tissue has been partially, but not totally torn, causing appreciable limitation in function of the injured tissue.

Grade Three Injury: A severe injury in which tissue loss has been significant, and in many cases, totally torn or otherwise disrupted, causing a virtual loss of function.

Groin: Junction of the thigh and abdomen, location of muscles that rotate, flex and adduct the hip.

Hammer Toe: Condition when the first digit of a toe is at a different angle that the remaining digits of the same toe.

Hamstring: Category of muscle that runs from the buttocks to the knee along the back of the thigh. It functions to flex the knee and is often times injured as a result of improper conditioning or lack of muscle flexibility.

Hemarthrosis: Accumulation of blood within a joint as a result of an acute injury.

Hematoma: Mass produced by an accumulation of coagulated blood in a cavity or in soft tissues.

Hip Pointer: Contusion to the iliac crest.

Hydrotherapy: Treatment using water.

Hyperextension: Extreme extension of a limb or body part.

Iliotibial Band: A thick, wide fascial layer that runs from the iliac crest to the knee joint on the outside of the thigh.

Inflammation: The body's natural response to injury in which the injury site might display various degrees of pain, swelling, heat, redness and/or loss of function.

Isometric Contraction: Muscular contraction in which tension is developed but no mechanical work is done.

Labrum (Labrum Glenoidale): The cartilage of the glenoid cavity in the shoulder. A lip-edged or lip-like structure.

Lateral Collateral Ligament (LCL): Ligament of the knee along the outer aspect that connects the femur to the fibula. It provides lateral stability to the joint.

Ligament: Band of fibrous tissue that connects bone to bone or bone to cartilage and supports and strengthens joints.

Magnetic Resonance Imaging (MRI): Imaging procedure in which a radio frequency pulse causes certain electrical elements of the injured tissue to react to this pulse and through this process a computer display and permanent film establish a visual image. MRI does not require radiation and is very useful in the diagnosis of soft tissue, disc and meniscus injuries.

Medial Collateral Ligament (MCL): Ligament of knee along the inner aspect that connects the femur to the tibia.

Meniscus: Crescent shaped cartilage, usually pertaining to the knee joint; also known as cartilage. There are two menisci in the knee, medial and lateral. These work to absorb weight within the knee and provide stability.

Metacarpals: Five long bones of the hand, joining the fingers to the wrist.

Metatarsals: Five long bones of the foot, running from the ankle to the toes.

Myositis: Inflammation of a muscle.

Orthotic: Any device applied to or around the body of physical impairment of disability commonly used to control foot mechanics.

Osteochondritis Dessicans: A piece of bone and/or cartilage loosened from its attachment after trauma and a cause of a lesion.

Osteomyelitis: An inflammatory disease of bone caused usually by infection with streptococcus or staphylococcus.

Patella: The kneecap. The patella functions to protect the distal end of the femur as well as increase the mechanical advantage and force generating capacities of the quadriceps muscle group.

Plantar Fasciitis: Inflammation of the plantar (a thick tissue on the bottom of the foot which helps create the arch) fascia; associated with overuse or acute foot injury.

Posterior Cruciate Ligament (PCL): A primary stabilizing ligament of the knee that provides significant stability and prevents displacement of the tibia backward within the knee joint. A complete tear of this ligament necessitating reconstruction could require up to 12 months of rehabilitation.

Quadricep Muscles: A group of four muscles of the front thigh that run from the hip and form a common tendon at the patella; they are responsible for knee extension.

Radius: Bone in the forearm from elbow to the thumb side of the wrist.

Reconstruction: Surgical rebuilding of a joint using natural, artificial or transplanted materials.

Rotator Cuff: Comprised of four muscles in the shoulder area that can be irritated by overuse. The muscles are the supraspinatus (most commonly injured), infraspinatus, teres minor and subscapularis.

Sacroiliac: Junction of the sacrum, the lower back bone, with the pelvis.

Sacrum: Group of five fused vertebrae located just below the lumbar vertebrae of the lower back, which form part of the pelvis.

Scapula: Shoulder blade.

Sciatica: Irritation of the sciatic nerve resulting in pain or tingling running down the inside of the leg.

Sciatic Nerve: Major nerve that carries impulses for muscular action and sensations between the low back and thigh and lower leg; it is the longest nerve in the body.

Shin Splint: A catch-all syndrome describing pain in the shin that is not a fracture or tumor and cannot be defined otherwise.

Spleen: Large, solid organ responsible for the normal production and destruction of blood cells located under the left rib cage.

Spondylosis: Abnormal vertebral fixation or immobility.

Sprain: Injury resulting from the stretch or twist of the joint and causes various degrees of stretch or tear of a ligament or other soft tissue at the joint.

Strain: Injury resulting from a pull or torsion to the muscle or tendon that causes various degrees of stretch or tear to the muscle or tendon tissue.

Stress Fracture: A hair-line type of break in a bone caused by overuse.

Subluxation: Partial dislocation of a joint. The term usually implies that the joint can return to a normal position without formal reduction.

Synovial Fluid: Lubricating fluid for joints and tendons, produced in synovium, or the inner lining of a joint.

Synovitis: Inflammation of the synovial lining of a joint.

Talus: The ankle bone that articulates with the tibia and fibula to form the ankle joint.

Tarsals: Group of seven bones of the foot consisting of the calnavicular, talus, cuboid and three cuneiform bones.

Tendinitis: Inflammation of the tendon and/or tendon sheath, caused by chronic overuse or sudden injury.

Tendon: Tissue that connects muscle to bone.

Tenosynovitis: Swelling or inflammation of a tendon sheath caused by calcium deposits, repeated strain or trauma.

Tibia: Shin bone; larger of the two bones of the lower leg and is the weight-bearing bone of the shin.

Transcutaneous Electrical Nerve Stimulator (TENS): An electrical modality that sends a mild current through pads at the injury site which stimulates the brain to release the natural analgesic endorphin.

Transverse Process: Small lateral projection off the right and left side of each vertebrae that functions as an attachment site for muscles and ligaments of the spine.

Triceps: Muscle of the back of the upper arm, primarily responsible for extending the elbow.

Ulna: Inner bone of the forearm that runs from the tip of the elbow to the little finger side of the wrist.

Ulna Nerve: Nerve in the elbow commonly irritated from excessive throwing.

Ultrasound: An electrical modality that transmits a sound wave through an applicator into the skin to the soft tissue in order to heat the local area for relaxing the injured tissue and/or disperse edema.

CALGARY FLAMES MEDIA GUIDELINES 1998-99

PRACTICE ACCESS

- Standard practice time will be 10:30 a.m. Game day skates will be at 10:00 a.m. The day after games, practice will be scheduled for 11:00 a.m. Please note practice times may vary. We will make every effort to inform you in such a situation.
- The dressing room will remain closed before and during practice. When the dressing room door is closed, access is not permitted.
- Access to the dressing room will be granted following practice per NHL regulations: 10 minutes following first group of players leaving the ice for no less than 30 minutes. In the event of a meeting, the dressing room will open following the meeting for 30 minutes.
- Media access is permitted in the following dressing room areas: foyer, main dressing room area. Training room, lounge, weight room, coach's office and shower/change area are restricted areas.
- Media access to the home players' bench is not permitted during practice.
- Coach Brian Sutter will be available following practice in a media conference format. Individual interview (one-on-one) requests will only be granted in special circumstances and on advance notice.

GAME DAY AND POST GAME

- Players will be available for television interviews up to 90 minutes before game time. Preferably, interviews will be completed 1 hour, 45 minutes before game time.
- Requests for players for pre-tape, intermission and post-game interviews must be made to the communications/public relations department before 11:00 a.m. on game day. Specific players should be requested where possible. In the case of "quick hits", please provide as soon as possible during the period with a back-up option.
- Dressing room will open to media 10 minutes after the game.
- Coaches will be available immediately (in a media conference format) when the dressing room opens to the media post-game. The media conference will take place in the dressing room foyer area. Coaches will not be available following the media conference. The main dressing room will open immediately following the coaches press conference.
- Please request credentials 24 hours in advance of the game in which you have been assigned to cover. In the case of full-time credential media, please inform us when possible if you are not attending a particular game.

PHOTOGRAPHY/TELEVISION CAMERAS

- Please follow credential guidelines outlined above. Free-lance photographers will only be granted credentials when on assignment from a media outlet.
- Photographers/Cameras are permitted to shoot practice from the visiting team bench or stands only.
- Photographers will be guaranteed one location for the first period. Other period shooting locations will be coordinated during the game. Please respect sight lines of spectators at all times.
- Any live news shots utilizing the playing surface as a backdrop must conclude 30 minutes before television broadcast begins.
- As per NHL policy, non-rightsholders are not permitted to record highlights during televised games. Highlights will be available through Telus Operations Center (???)

PLAYER MEDIA AVAILABILITY DURING TRAINING CAMP

- Due to the large number of players attending camp and a 45 minute stretch for players before each on-ice session, media will be permitted access to all three dressing rooms following the first session upon the condition that only the players from the first session are available. Please respect that the other players must keep on schedule for the second session. All dressing rooms will be closed until the completion of the first session. Players in the second session will be available in their respective dressing rooms following the conclusion of their on-ice session. Coach Brian Sutter will also be available at this time in the foyer area of the main dressing room.
- Cameras and photographers are permitted on the visitors' bench only for the second session. At no time will media be permitted on the home bench during practice or either bench during scrimmage.

It wouldn't be the first time Chrysler has helped someone get from one place to another.

At Chrysler, our commitment to Canadian hockey starts at the grassroots level; at the local arena, supporting the local team. From there our commitment continues with Junior, World, and Olympic sponsorships. And last, but definitely not least, we're a proud supporter of the NHL. Because, we're not just building cars and trucks, we're building Canada.
